

CHARLIE CRIST
GOVERNOR

June 5, 2009

Dear "Green and Sustainability 101" Attendees:

It is a pleasure to welcome you to the "Green and Sustainability 101" class hosted by the National Green Energy Council. Green jobs are vitally important to Florida's economy especially now. This is the beginning of a commitment to a growing economic sector full of opportunities for American workers and families. Green-collar jobs are becoming more prevalent in our State each and every day and I applaud your efforts to become part of this expanding industry.

Thank you for attending this class and providing Florida with the high quality workers our Green industries need to grow and thrive. Enjoy your class and best of luck!

Sincerely,

A handwritten signature in blue ink that reads "Charlie Crist".
