Ralph Avallone
President & CEO
International Green Energy Council
1701 Pennsylvania Ave. NW
Suite 300
Washington, D.C. 20006

Dear Mr. Avallone,

I am in receipt of the Green Energy Council document outlining the Green Job Corps and the Urban Green Job Corp Project. As Chairman of the Board of the Green Mechanical Council, I wish to offer both our endorsement and support of this worthy initiative.

It is the belief of the Green Mechanical Council that through green education of the future workforce and re-education of the disenfranchised worker, we will save the environment and restore the American dream.

Many of our members including the ESCO Group, Ferris State University and the United Association of Apprentices and Journeymen are actively engaged in education and we look forward your Job Corps programs success. Please keep us informed of your progress and feel free to call upon us for any aid that we can provide.

Sincerely,

Jerry Weiss
Chairman ESCO Group
